

## Charros Liaison Grant Application

Dear Principal:

The Scottsdale Charros and The Charro Foundation are pleased to offer the Charros Liaison Grant to schools in the Scottsdale Unified School District. In January 2018, five SUSD schools will be selected for \$2,500.00 grants through a grant application process. The Charro Liaison Grants will go to the five SUSD schools that demonstrate the greatest need and the best use of the funds. Grant applications must be submitted by December 19, 2017.

We are excited to continue this historical donation program and believe that it will serve a greater need within our school district and individual schools. You will note that there is a question on the application for you to notify us of areas that could utilize additional funding so we can seek additional grants and opportunities to attempt to meet those needs. We appreciate your time and support and look forward to reviewing your application.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Klonoski".

Jason Klonoski  
2017-2018 Education Chairman  
Scottsdale Charros

## Charro Liaison Grant Application

### Description of Award

The Charro Liaison Grant is intended to provide financial assistance to SUSD schools for projects, equipment and programs related to the classroom, athletics or infrastructure that are not currently funded through traditional funding streams. Following the review of applications, five individual grants will be awarded in the amount of \$ 2,500.00 each. The recipients will be notified in January 2018 with funding occurring February 2018.

### **Applicant Questionnaire**

Please be sure to answer the questions completely regarding your schools current need for additional funding. Please be as candid as possible in answering these questions; answers are held in confidence.

1) Please provide an overview of the project, the need for funding and what you hope to achieve.

2) Describe in detail how the funds would be utilized in addressing the needs detailed in question 1.

3) Do you have any current funding streams in place to address the needs listed in question 1?

4) Please take a moment to tell us other areas within your school for which grants funds would be beneficial. This information will assist us as we continue to seek and administer new grants and funding to our schools.

# The Charro Foundation

---

*Please attach at least three student prepared requests/short essays demonstrating their desire to receive the funding and how it would impact their feelings towards their school and enhance their education.*
